

SCENARIOS FOR OFFICIALS: PHOTO FINISH

Scenario 1

You are the only photo finish operator on the stand during a break in the track program.

A coach you know asks if they can have a photo finish picture of one of their athletes for the club noticeboard.

The race result is clear (non contentious).

Do you provide the picture?

Scenario 2

You are chief at a local meeting and also acting as Reader Operator.

The cursor for the second and third athletes is in the same place on the time line (to the same pic cell).

Which athlete is awarded the silver medal?
