

ENGLAND ATHLETICS INTERNATIONAL MOUNTAIN RUNNING 2021

Representative opportunities:

The committee will select the best available teams to represent England, although where shown some teams will be selected as development teams to give them experience of international competition.

Funding

All events in 2021 are subject to funding and England Athletics may amend the policies at any point. Details will be posted on the England Athletics website in the mountain running section which can be found at www.englandathletics.org/athletes/england-athletics-team/mountain-running.

- **Selectors view trials as the primary means of selecting the teams.**
- Athletes will usually be informed of their selection within a week of the trial and/or deadline for expressions of interest.
- Selection of all athletes is subject to the agreement of the athlete's training and racing programme between the date of selection and the representative race by the committee. England Athletics reserves the right to de-select any athlete who is deemed unfit or injured in the lead up to the event.
- Athletes wishing to be selected for races abroad must have a valid UK passport for the country they are travelling to and be eligible to represent England in international competitions. The selection committee reserves the right to de-select any athlete who does not provide all the information requested (including passport details) within a week of selection.
- For all races, if the selectors believe that a minimum performance standard for selection has not been achieved, they reserve the right not to select a full team. To clarify – England Athletics do not intend to send teams to international events composed of athletes who have not demonstrated the level of performance required.

This information is also available on the England Athletics website (www.englandathletics.org/athletes/england-athletics-team/mountain-running).
